

## *Anastasia's POV*

It was the day of My cousin Sam's wedding. Me, Mama, Papa and Nonno were in same car. We reached There and saw that the guests were already there. It was a beautiful place. We were greeted by guests and family. I excused myself to fresh my makeup. In restroom, there were girls already. They eyed me like i am some garbage. Feeling uncomfortable, i backed away.

I hate it when people say bad things about me. I am not bad.

I was lost in my thoughts i didn't even hear the music started. The music started to play. There stood the bride. She looked beautiful. The groom and bride exchanged vows and shared a kiss.

It was time for food now. The food here was to die for. I ate steak and Spaghetti. Hell, this food was very delicious. I went to the dessert table and started eating chocolate cake. Another figure stood beside me, watching me. It was none other than devil. There stood luciano, expression as cold as ice.

"What do you want?" i asked feeling scared.

"Where's your father?" He asked sounding annoyed. I pouted seeing his face.

"There." i pointed. He nodded and then did something unexpected.

He swiped his thumb on my bottom lip. It was chocolate. He put that thumb into his mouth and sucked a little. I stood there still and shocked while he walked away.

Nonno was constantly convincing me to get my hair coloured. She wanted me to get blonde but i liked my Hazelnut brown hair alot. As we discussed, Diego came running and asked us to go home, he didn't tell why.

On our way back, I convinced mama to convince papa to let me go to college. I pushed and I tried alot but suddenly she slapped me.

"You're so stubborn girl! Your Dad will kill me if i say this to him, i am tired of listening your stupidity! You always fuck up!" she shouted and that really broke me.

I went inside the house and ran to my bedroom and cried. I don't for how long i cried, my mascara was dried at my cheeks and my makeup was smuged. I look awful. My Mama's words hurt me alot. I took a warm shower and went to bed.

"Wakeup!" My brother Antonio growled and i jolted up. I am tired of this behavior and everything.

"Dad's calling you." i got dressed and went downstairs in the dining hall. I didn't even dare looking at my mother. Now i was mad at her. I said good morning and sat at the end on table.

"Bruno says that you aren't focusing on your studies. Now it's my fucking order that you skip your school and sit home for a while!" Dad said.

"Ok papa." i said politely and he nodded. After Breakfast i went to garden and dug the soil. I placed some flower seed into the soil and watered it. I got tired doing work and sat at my Arm chair. I closed my eyes and suddenly felt something on my leg. When i opened my eyes, there was a snake on my leg. I screamed. Enzo and Nathan came out running and took it of me.

I went inside crying and Dad frowned looking at me. Enzo came and explained the whole accident and something unexpected happened. Papa hugged me and placed a kiss on my forehead. After that i went to take a shower.

## *Luciano's POV*

Ahh.....fuck!! yes...oh my... Ahhhh!!  
Katie screamed as i was pounding into her. She works in one of my clubs. She throws herself at me and usually i get blowjobs from her, But i was in mood for something else. Fucking her, when i closed my eyes i saw those Bambi eyes. It was Anastasia. I shouldn't feel something like this for her.

I started to thrust more and hard into her and her moans grew though it irritated me.

After finishing up with katie, i went to ny penthouse. I was exhausted. After calling my men and reading some emails, i got tired and got ready for bed. Again i saw her. To get rid of her thoughts, I got off the bed and went to my balcony. I grabbed my telescope and started seeing the sky. It was my hobby. Fuck yes, it was my hobby the only hobby I've ever had. After studying the stars for a while i left the balcony snd started planning a scheme for my next kill tomorrow.
