

## Chapter 3379

Charlie's words made Wesley's expression suddenly startled!

Immediately afterwards, he clenched his teeth and said coldly, "The surname is Wade! Who gives you the courage to be disrespectful to the spirit of my parents in the sky!"

Charlie sneered, "I think that the so-called Lord of the Dragon Temple is just a double-standard dog!"

Having said that, Charlie added, "It is you who have been yelling, wanting to thwart my parents, and have been disrespectful to the spirit of my parents in the sky! Can't I be allowed to use your own way to treat you also that way? Why? Are your f\*cking fists harder than me? Or are you better than me?"

Wesley suddenly felt guilty and didn't know how to answer. He knew that he first brought up the matter of frustration. But at that time, he really didn't think that the Wade family would have such a top master. He thought that he was completely crushing the Wade Family. In this situation, it can only be said that he hit himself in the foot by shooting up a rock.

Seeing him not knowing how to answer for a while, Charlie sneered, then kicked Apollo who was kneeling on the ground, and said lightly, "Come on, you judge, if I raise the ashes of your Lord's parents, should he take the blame?"

Apollo didn't dare to disobey Charlie, and at the same time, he felt that his fate today was due to Wesley, so he said without thinking, "He is responsible for it! If it weren't for him to provoke the Wade family, I wouldn't have ended up like this..."

Charlie looked at Wesley and asked him, "Have you heard? Even your subordinates said that you are responsible for this!"

Wesley gritted his teeth with a black face and said, "Charlie! If you insult my parents again, I will fight with you today! Although you are very strong, I won't back down!"

Charlie snorted disdainfully, and said, "The surname Drake, you are not even qualified to fight with me! I will let you go if you leave your parents' coffin, otherwise, everyone has to die!"

Wesley only felt that blood was rising, and gritted his teeth and shouted, "Skills can be killed but not insulted! Even if I die, I will never let you insult my parents!!!"

Charlie nodded and said indifferently, "Then I can wait for you to die before insulting. Anyway, the result is the same. Let me tell you, I am the person who holds the most grudges. I will pay back what others want to do to me. And even doubled it back if I am in a bad mood, after I kill you, I will thwart you and your parents together!"

As soon as these words came out, a blond white man next to him said in extremely fluent Chinese, "My Lord! I have tolerated him for a long time! The big deal is that we will go together and get rid of him first! If you don't help, we will fight with him!"

At this time, it is the Golden Lion King, one of the four kings of the Dragon Temple.

As soon as his words came out, many of the soldiers in the Dragon Temple who had been suppressing their anger all immediately agreed.

## Chapter 3380

Many of them have received the favor of Wesley, and even became Wesley's apprentice, seeing Charlie humiliate him so much, it is naturally unacceptable.

Charlie's face was indifferent at this time, and his toes lightly kicked on the ground at random, and a stone wrapped in a powerful reiki flew out at a very fast speed!

Immediately afterwards, the stone directly smashed the Golden Lion King's forehead and a bloody hole showed all the way through his head.

In just an instant, the Golden Lion King, one of the four kings of the Dragon Temple, died on the spot!

Who would have thought that Charlie would suddenly attack him, and as soon as he made a move, he would kill him!

It's even harder to think of!

Like Apollo, the Golden Lion King, who is also a six-star warrior, was pierced through his brain by a stone kicked up by Charlie!

At this moment, the soldiers of the Dragon Temple who just wanted to kill Charlie desperately took a few steps back subconsciously.

At the same time, the urge to fight Charlie desperately in their hearts was also frightened by Charlie's hand just now!

This group of people was horrified.

They knew that since Charlie could kill the Golden Lion King with a shake of his hand, Charlie could also use the same method to kill any of them!

Wesley was also completely stunned!

At this moment, he finally realized the gap between himself and Charlie.

He knew that if Charlie could kill the Golden Lion King in just an effortless way, he might not be able to do a good job in his hands!

At this moment, Charlie, who had just killed someone, looked at Apollo with an annoyed look, and sighed, "Oh, I was impulsive. As I said just now, I will kill you first today, but I don't think I can bear it for a while. So I let others take your place first, you won't blame me, will you?"

Apollo was almost frightened, and blurted out, "No, no... definitely not..."

Charlie nodded, turned to look at the group of soldiers in the Dragon Temple with amazement, and said lightly, "Anyone can take the initiative to stand up as long as they are not afraid of death. I've done it a long time ago to kill in front of my parents' spirits. Even if I kill all of you, I will never blink!"

The killing intent in Charlie's tone caused a panic in the hearts of the Dragon Temple people subconsciously.

At this time, Charlie's toes fell on the ground and he threw a piece of pebble from the ground.

Then he grabbed the pebble, playing with his hands, while watching the nearly hundred soldiers in Dragon Temple, said lightly, "Today is my personal grievance with Wesley. It has nothing to do with you guys. Therefore, all of you know that you must take a step back. If you don't retreat, then you will die!"

These people suddenly panicked.

Everyone looked at each other. For a while, they didn't know whether to stand still or take a step back.

After all, if they really took a step back at this time, it would also indicate that they and Wesley would completely separate their camps.

However, many of these people have deep feelings with Wesley, and they can't bear to stand in line at this time.

As a result, some people immediately took a step back, but still nearly half chose to stand still.

And these people who stood still were lucky.

Charlie only had one stone in his hand, and there were dozens of people standing still, could he kill everyone with one stone?

Seeing this, Charlie smiled slightly.

In this regard, he was not surprised.

So he looked at one of these black people and asked him, "I heard that there is a Black Leopard King in the Dragon Temple."

"If I guess right, it should be you?"

The black man suddenly panicked, and subconsciously said, "It's... it's me..."

Charlie nodded and said indifferently, "You are one of the Four Kings of the Dragon Temple, now you are left intact, and you are still standing still. It seems that you want to be an enemy to me?"

The Black Leopard King panicked for a while.

When he thought of the Golden Lion King being pierced by a stone by Charlie, he subconsciously took a step back and waved his hand again and again, "Mr. Wade, you misunderstood... I don't want to be an enemy to you....I will take a step back..."

Charlie shook his head and said lightly, "It's too late!"

## Chapter 3381

Charlie said it was too late, and dispelled the scarred soul of the Black Leopard King!

He almost subconsciously stepped back several steps in succession, then suddenly turned around, desperately trying to run down the mountain.

He just saw Charlie's method when he killed the Golden Lion King.

A stone can kill a six-star warrior.

If he doesn't run, I'm afraid he will repeat the mistakes of the Golden Lion King.

However, he just turned around and didn't run two steps. He only felt a momentary pain in the back of his head, and then he lost all consciousness.

The Black Leopard King died very simply, almost killed in the light and flint, so he didn't suffer any pain.

However, in the eyes of other Dragon Temple soldiers, the death of the Black Leopard King was really miserable!

Charlie used a pebble to directly penetrate his brain.

Even worse, the pebbles shot in from the back of his head and blasted out of his face, blasting a fist-sized blood hole in the middle of his entire face!

There is no trace of his nose, and the eyeballs are squeezed out of the eye sockets by the huge force of the pebbles!

At this moment, everyone in Dragon Temple was completely shocked by Charlie!

One of the Four Kings of the Dragon Temple was originally defeated in the Middle East, but now one has been abolished and two have died!

At this point, the Four Kings of the Dragon Temple have all fallen.

Among the remaining people, apart from Wesley, the strongest is only a five-star general.

Who is Charlie's match?

Charlie looked at a group of panic-stricken Dragon Temple soldiers and said coldly, "You have worked hard for many years before you have your current cultivation base. If you don't want so many years of hard work to be ruined, you must all retreat!"

As soon as Charlie's voice fell, nearly a hundred people stepped back almost without hesitation.

The only person that didn't move was Wesley.

At this time, Wesley didn't think that the Dragon Temple built by himself and the core layer built by one hand would fall apart like this.

At this moment, Charlie looked at the eight Dragon Temple soldiers who were carrying the coffin, and said coldly, "You guys, put the coffin down and take a step back!"

Upon hearing this, the eight people immediately placed the coffin of Wesley's parents on the ground, and honestly stepped back.

In front of the Dragon Temple, only Wesley was left at this time.

Charlie raised his eyes, looked at Wesley, and asked him, "When you came to Wade Mountain today with gongs and drums, did you ever think that things would turn into the present situation?"

Wesley was incomparably dejected, and laughed sorrowfully, "The skill is not as good as humans, there is nothing to say."

Charlie sneered, "You may not know, but I have been waiting for you for a long time."

Wesley raised his head, looked at Charlie, and asked suspiciously, "What do you mean by this?"

Charlie smiled and said, "I brought two people here in Eastcliff the night before. You know these two people. Then, I will let you see them one by one."

## Chapter 3382

Just when Wesley didn't know what Charlie's words meant, Charlie turned to look at Wilfred Elms, and said, "Old Mr. Elms, the younger guy kneeling in front of my parents' grave, you can bring him here now."

"Okay!" Wilfred knew that the younger one Charlie said was Calum who Charlie brought back from the Middle East.

So, he personally walked to Charlie's parents' grave and pulled Calum, who was wearing a black cloth bag, to Charlie's side, and respectfully said, "Mr. Wade, he is here."

Charlie nodded, looked at Wesley, and asked him with a smile, "Wesley, do you know who this is?"

Wesley looked blank.

How would he know who this man wearing a black cloth is? He wasn't clairvoyant.

What's more, Calum's own consciousness had long been sealed by Charlie, and Wesley couldn't even feel the ability to cultivate.

So he looked at Charlie and asked, "Who is this person?"

Charlie sneered, "Why? You can't recognize your own capable man without his face covered?"

Wesley was even more confused.

Although Charlie had already reminded him to be his capable man, he never thought of Calum Edwards.

Because, in the personal perception of all the soldiers in the Dragon Temple, Calum must be in the Middle East, not China.

Seeing his surprise, Charlie sneered and tore off the black cloth bag on Calum's head.

When Wesley and other soldiers in the Dragon Temple saw Calum's face, everyone's expressions immediately became extremely shocked.

No one can believe that Calum Edwards, who has been missing for many days, is actually in Charlie's

hands.

Wesley asked subconsciously, "Calum ...you...why are you here?!"

At this time, Calum stood silently on the spot, sticking like a fool, his eyes were also in a state of out of focus, as if he was deaf to Wesley's voice.

Wesley didn't know what happened to Calum, but when he saw him so sluggish, he realized that it was probably beyond his imagination, so he hurriedly asked again, "Calum! Don't you know me?"

Calum still didn't have any response.

Charlie smiled slightly at this time and said, "I forgot to tell you, Calum's own consciousness has been sealed in his body by me. He is no longer the one you are familiar with. He's just a puppet of me."

Wesley and the other soldiers in the Dragon Temple were all shocked.

Sealing a person's consciousness in the body is something they have never heard of!

Wesley didn't believe that Charlie could have such supernatural powers, this method was simply incredible.

Seeing that they couldn't understand, Charlie pointed to Apollo who was kneeling on the ground, and said to Calum, "Get him!"

Calum rushed forward without hesitation, grabbed Apollo by the collar, and slapped him several times, causing Apollo to scream again and again.

Charlie nodded in satisfaction, and said, "Okay, stop."

Only then did Calum stop and return to Charlie's side.

Wesley looked dumbfounded, and didn't understand what exactly Charlie used to make Calum act like this.

Seeing his puzzled look, Charlie patted Calum's shoulder lightly, and smiled, "Come on, I'll give you a minute of freedom to speak temporarily. Say what you want to say out loud!"

Although Calum's consciousness has been blocked, his consciousness can still receive all the senses of his body.

He knew everything that happened around him during this period of time. Wesley wanted to lead his brothers to Wade Mountain. He also knew this very well.

Even if he was kneeling in front of Charlie's parents, he could not see the scene that happened just now with his own eyes, but he also guessed what happened just now through his voice.

However, his reception of external information is one-way. In addition to receiving external information from the body's senses, he cannot control his body to make any response, even if it is just blinking an eyelid.

The moment Charlie just slapped his shoulder, his consciousness finally merged with his body again. This long-lost feeling is like a person who has been sleeping for many years and finally wakes up, making him cry in an instant.

Immediately afterwards, he looked at Wesley, and his emotions broke down instantly, crying and begging, "My Lord... please find a way to save me, or... or kill me immediately... the feeling of being imprisoned in the body is more terrifying and desperate than hell! It's really...it's like a living dead!

Ah!!!"

### Chapter 3383

The Blue Eyed Wolf King, Calum Edwards, the second master of Dragon Temple looked so miserable that he broke down and cried, as if he was punching hard in the hearts of everyone in the Dragon Temple!

Although they didn't know what it was like to have their consciousness imprisoned in the body.

But seeing what Calum looks like now makes them feel terrified at this unknown feeling deep in their hearts.

No one dared to imagine that if such a thing happened to oneself, how would one feel powerless and inferior to death.

That's really making every day unwilling, and the world is not working...

It was also at this moment that, deep in their hearts, they were completely filled with hellish fear of Charlie.

They originally thought that three of the Four Great War Kings were defeated in Charlie's hands, while the one was defeated in the Middle East by the government.

But who would have thought that these four people were actually destroyed in Charlie's hands!

Wesley also panicked, and he subconsciously asked Charlie, "The Syrian thing...you did it?!"

Charlie nodded, and said frankly, "Well, I did it! The reason why Commander Hamid was able to annihilate the thousands of soldiers of the Dragon Temple was because of my guidance; the reason why

the government forces captured more than ten thousand Dragon Temple soldiers, it's because of my help."

At this moment, Wesley's psychological line of defense completely collapsed.

He finally understood that the revenge he had prepared for twenty years was nothing but a coax drama of hitting a rock with a pebble.

Charlie's strength is far beyond his scope of cognition!

Not to mention that he is not Charlie's match, even the entire Dragon Temple combined, it may not be Charlie's match.

Wesley looked at Calum again, seeing him burst into tears, despair and fear, and his heart felt desperate.

So, he looked at Charlie, resisted the humiliation in his heart, clasped his fist and begged, "Charlie! It is me who has no eyes! Please let Apollo and Calum go, and I will let you take my parents' coffin. Just let my Dragon Temple leave here and we will leave China immediately from today, and will not come here again in this life!"

Charlie sneered, "When death is coming, you still want to negotiate with me? Who do you think you are? Outside, you are the lord of the Dragon Temple, but here, you are just a f\*cking evil dog that came to the door of death!"

Wesley's expression froze, and he asked, "Then how can you be satisfied?"

Charlie smiled and said indifferently, "Don't worry, I still have time to say the conditions, I will introduce you first to an old acquaintance!"

Immediately, Charlie gave Wilfred Elms another look.

Wilfred understood, returned to Charlie's parents' grave, and pulled Zayne Banks who was kneeling there.

Wesley doesn't know who this person is, but he can be sure that this person must have a close relationship with him!

When Zayne was brought to Charlie's side, Charlie looked at Wesley and asked him with a smile, "Wesley, before I untie your old acquaintance's headgear, I have something to talk to you, so let's clarify this matter first."

Wesley asked cautiously, "What's the matter?"

Charlie said calmly, "I heard that your father was a core member of Eastcliff's Anti-Wade Alliance?"

Chapter 3384

"He stayed with the Banks family and worked with them against my father, but my father never did anything against him. Can you admit this?"

Wesley said loudly, "In the futures market, it was your father who made the game to lure my father into fools! My father lost all his property! It is precisely because of this that he chose to commit suicide by jumping off the building! It is precisely because of him my father died, and my mother took the poison to commit suicide! This is all thanks to your father!"

Charlie's expression gradually became cold, and he blurted out, "You're f\*cking shit! In the business world, everything is changing rapidly! Your father himself is inadequate, limited, and unaware! He pretended to enter the futures market and wanted to compete with my father, but was defeated reasonably and legally by my father and lost all his assets. What the hell is this? It's because of his limited ability. What does it have to do with my father?"

Speaking of this, Charlie paused slightly, and continued, "If your father just doesn't have enough ability, it's fine. It's fine to go back and try his best, but he doesn't even have enough mental endurance, so he chose to run up to the top of the building and jump down. Can it still be blamed on my father? And your mother! She also leaves you behind and takes poison to die by herself. Does this have anything to do with my father?"

Wesley refused to accept it and blurted out angrily, "All this is your father's conspiracy!"

Charlie stared at him and asked coldly, "According to you, today, you are just as self-righteous as your father back then, with narrow vision, poor strength, limited skills and unawareness! And you swaggered and took the initiative to come and try to destroy Wade Mountain. You came here, and arrogantly said that you will take the graves of my parents! As a result, I am now fighting back! Has it all become my conspiracy?"

Wesley's expression was sluggish for an instant, Charlie's words hit his soul directly, making him unable to refute it at all!

Charlie looked at him and said coldly, "Wesley! Today, you are the same as your father back then! You are all to blame! Even if you die 10,000 times, you are all to blame!!!"

Wesley was already in tears at this time. He knew that Charlie was right.

His current self, like his father back then, took the initiative to provoke a character he couldn't afford to provoke, and then suffered a complete failure.

And the so-called parental hatred is just the blind hatred that has been accumulated in his heart for many years by complaining about the grievances of his parents.

Just when his inner beliefs began to collapse, Charlie pointed at Zayne Banks beside him and said coldly, "Come on, I'll let you see the great benefactor of your Drake family!"

After that, Charlie tore off the black cloth bag on Zayne's head.

At this moment, Wesley Drake was struck by lightning!

He naturally recognized Zayne Banks.

Although so many years have passed, Zayne's appearance has not changed much as an adult, but he is slightly older than before, so Wesley recognized him almost immediately.

He blurted out subconsciously, "Uncle...Uncle Zayne?!"

Lord Banks, the Patriarch of the Banks family, was also completely dumbfounded at this time.

There was no news of his eldest son's disappearance for so long.

Zayne saw his father and Wesley at this time, his eyes widened, he wanted to say something, but there was still a towel in his mouth, so he couldn't say a word.

Charlie tore off the towel from his mouth, Zayne hurriedly said to Wesley, "Wesley, you are confused!"

Wesley was already in tears at this time, and choked up, "Uncle Zayne, it's really you... For so many years, I had never forgotten your great kindness to our Drake family, but for various reasons, I have not gotten in touch with you. Please forgive me..."

Zayne also had red eyes and choked sobs, "Why are you still talking about this..."

Charlie said to Zayne at this moment, "Mr. Banks, Kevin Drake was your friend at the beginning, and no one knows better than you about the Anti-Wade Alliance. Therefore, in front of Wesley, tell me what happened that year. Tell me whose responsibility is the whole thing."

Charlie added, "You must start from the objective facts! Don't deliberately cater to me, let alone deliberately avoid your own responsibilities, as long as what you say is objective facts, I will not hold you accountable for what you say! But if you only dare to tell a lie, I will kill you personally in front of my parents' grave!"

Chapter 3385

At this time, Zayne Banks sighed, and said to Wesley seriously, "Wesley...what Charlie said just now was right..."

"Your parents' deaths are indeed not to be blamed on his father..."

Wesley asked with tears, "Uncle Zayne, my father used to fight against Bruce Wade to protect you."

"Today, he and my mother's coffin are also here. Aren't you afraid of their chills when you say that?"

Zayne Banks said helplessly, "Even if I died today and went there to see your parents, I will still say so."

At this point, Zayne Banks paused and continued, "The Anti-Wade Alliance back then was an immoral existence in itself."

"Bruce Wade has always been a decent person, and this person is not only decent, but also extremely capable, so that we are like this."

"Many families have been shrouded in his shadow for a long time..."

“So, those of us who are inferior to him, in order to contain him, we established the Anti-Wade Alliance, so from this point of view, we have already made the mistake first...”

“Moreover, in order to cater to me, your father was extremely concerned about the Anti-Wade Alliance.”

“He always wanted to find an opportunity to prove his ability by attacking Bruce Wade...”

“It just so happened that in those years, foreign trade and the entire international futures market fluctuated greatly.”

“Grain, crude oil and various precious metals were very turbulent.”

“Many people became rich, and many went bankrupt overnight.”

“Your father thought he had figured it out, the international situation, so he took the initiative to participate in the futures market, ready to attack Bruce Wade, but the result, he was not Bruce Wade’s match at all...”

“When your father’s loss reached 80%, Bruce Wade even called him to persuade him to stop, but your father felt that Bruce Wade deliberately forced him to cut the meat and leave the game, so in order to win, he even went far.”

“He had raised a lot of funds with high interest rates, and he wanted to fight Bruce Wade to the death...”

“The final result is that your father lost all his assets, and at the same time owed billions of debts outside.”

“He couldn’t bear such a major failure, so he chose to commit suicide...”

Speaking of this, Zayne Banks sighed and said, “As for your mother...the reason why she committed suicide by poisoning on your father’s first seven days of death is because the debt collector was trying to force your mother to pay back the money.”

“Chasing your mother to your father’s grave, with billions of debts, to be honest, she can’t do anything about it.”

“In the end, your mother was desperate and also chose to commit suicide...”

Zayne Banks paused for a moment, looking at Wesley, sighing with emotion, “Wesley, as a witness, I can say something absolutely fair.”

“The death of your parents really has nothing to do with Bruce Wade!”

Chapter 3386

“Blame your father for being too greedy and aggressive. Even though he was not Bruce Wade’s match.”

“He misjudged the situation and thought he could defeat Bruce Wade. Speaking of which, he was just like you who thought you could defeat Charlie today.....”

Speaking of this, Zayne Banks said with a very sad expression, “Wesley, you can be the Lord of the Dragon Temple overseas, which is quite good.”

“Why not go overseas and continue to create your own business? Why did you come back?”

“The so-called hatred blinded your eyes, ran back to the country and continued to smash with the Wade

Family.”

“If you didn’t come back, how can you suffer this catastrophe...”

At this time, Wesley had completely collapsed.

He knelt on the ground with a thud, and cried loudly, “For the past twenty years...I have tried my best every day to support my motivation, which is to come back and avenge my parents... “

“But who would have thought that my father was defeated by Bruce Wade back then, and I was defeated by Bruce Wade’s son today...”

“What’s even more ridiculous is that according to what you said earlier, Uncle Zayne, Bruce Wade also tried to persuade my dad to stop fighting.”

“But my dad didn’t stop and indirectly dragged my mother to death...”

After speaking, Wesley leaned on the ground with his hands, tears and snot, and said in despair, “I don’t understand! I really can’t understand!”

“I have spent the past 20 years abroad and try my best...what it is all for.....”

“In the past 20 years, I have not dared to go back to China, or go to the graves of my parents to worship.”

“Whenever the festival or their death day, I can only burn some paper money abroad and cry bitterly as a sacrifice...”

“The reason why I have not dared to come back for so many years is because I want to wait until I have the strength to win, and then I will fight for them and avenge them...”

“But now, everything turned out to be in this situation again...”

When Wesley said this, he raised his head, looked at Zayne Banks with red eyes and desperate eyes, and cried out, “I don’t understand...I really don’t understand, Uncle Zayne.....it feels as if I have lived for nothing in the past twenty years...”

Zayne Banks was sad and couldn’t help but burst into tears.

He can understand the multiple pains of Wesley.

The hatred, the failure now, and the misunderstanding behind this are all torturing Wesley crazily, making him worse than death.

So, Zayne Banks comforted and said, “Wesley.. if you want to start a little bit, the death of your parents is already a fixed number, and your 20 years of hard work are not in vain.”

“The reputation of the Dragon Temple, I have also heard that you have done very well.”

“As long as you can clear up misunderstandings with Mr. Wade and the Wade family, and strive for Mr. Wade’s forgiveness, your future will still be limitless!”

With that said, Zayne Banks looked at Charlie and pleaded, “Mr. Wade, please look at the filial piety of Wesley, and for the hardship he has suffered in the past 20 years, please Mr. Wade, forgive him this time!”

Charlie sneered and said, “If he just came to admit the mistake to my parents and apologize, I can also

let him go.”

Speaking of this, Charlie turned around and said in a harsh and cold voice, “But! He thinks he is the Lord of the Dragon Temple, feels he has extraordinary accomplishments and extraordinary strength, so he dares to speak out to thwart my parents!”

“I can’t forgive this incident! If you want to blame, you can only blame him for being too crazy!”

Upon hearing this, Wesley hurriedly asked him, “Mr. Wade, how can you be satisfied with this matter?”

Charlie said indifferently, “Like I said! I want to treat you like you wanted to treat me.”

“It just so happened that you took the initiative to bring your parents’ coffin, and this is what you have done for yourself!”

As he said, Charlie stared at Wesley fiercely, and said word by word, “And I can put my words here now, no matter what I want to do, you Wesley can’t stop me!”

“If you are not convinced, you can compete with me first!”

“If you lose, I will not kill you, I will dispose of you and let you see with your own eyes how your parents were frustrated as you said before!”

Wesley shuddered subconsciously, turned his head to look at the coffin of his parents, and then looked at Charlie, his heart was ashamed.

After a while, he suddenly clenched his fists and suddenly mobilized all the internal forces in his body.

Just when others thought that he was going to rush to fight Charlie desperately, Wesley broke all his eight meridians in an instant!

Immediately afterwards, Wesley spit out a big mouthful of blood, looked at Charlie, and said weakly, "Mr. Wade, I have already cut off all my meridians."

"From today onwards, I can only be a useless person without the power to bind a chicken."

"Please raise your hands high and let my parents go!"

#### Chapter 3387

At this moment, the expressions of everyone on the scene were terrified.

No one thought that Wesley, as an eight-star warrior, had not even fought Charlie and would completely admit defeat by breaking his own meridians!

Even Charlie himself was slightly surprised.

He thought that Wesley would fight to the death, but he didn't expect that he would directly cut off his meridians.

At this time, Wesley slammed his head on the ground again, and said loudly, "I, Wesley, have made thousands of mistakes alone. I beg Mr. Wade to arrange for someone to bury my parents again, and let these men who have followed me for many years go, as for myself, as long as you say a word, I will die in front of you!"

For Wesley, he had long realized that he could not be Charlie's match at all, not to mention his subordinates.

The helpers behind Charlie didn't even have any hands on it.

Wesley lost all war kings on his side. Not to mention that his subordinates were scared by Charlie now, even if they still dared to fight Charlie to the death, there is still no chance of winning.

The greatest possibility is that the entire Dragon Temple soldiers will be overthrown.

At that time, neither he nor his subordinates will be spared, and the coffin of his parents will also fall into Charlie's hands.

Therefore, Wesley decided to kowtow to Charlie to beg for mercy by breaking his meridian, only to keep the coffin of his parents, while also leaving the lives of other soldiers of the Dragon Temple.

As for his own life, he has ignored it.

As long as he can satisfy Charlie and let Charlie let go of his parents and his other subordinates, he will die here without any complaints.

Lord Banks almost passed out at this moment.

He also hoped that Wesley could become a solid backing for him in the future, but now, Wesley has abolished his meridians and turned into a useless person.

On Charlie's side, many people felt that this scene was very pleasant, but Deana Thorne's expression was a little bit unbearable.

She watched Wesley grow up. Seeing him so miserable now, she couldn't help but sympathize, and even hoped that Charlie could open the door to this and stop pursuing it.

However, when she thought that Charlie had already told herself before not to intercede for Wesley; so she didn't know how to speak.

At this moment, Charlie looked at Wesley blankly, and said coldly, "The reason why you cut your meridians is entirely because you are too weak and you want to ask for my forgiveness. It's actually just a way to break your wrist! All you have done is to save the coffins of your parents! I won't buy you!"

As soon as Wesley heard this, his whole body collapsed. He suddenly bowed and slammed his head to the ground!

At this time, his forehead was already full of blood, and several large openings were constantly bleeding, but even so, he stood up and pleaded loudly, "Mr. Wade, please raise your hand and let my parents go!"

Charlie remained unmoved.

Wesley knocked his head down again, and when he lifted it up, blood was already flowing all over his face, and he continued to plead loudly, "Mr. Wade! Please raise your hand! Let go of my parents!"

Charlie looked as usual, he didn't even look at the bloodshed Wesley in his eyes.

After all, Wesley had threatened to thwart his parents before, so even if he really knocked and died here, Charlie would not have the slightest sympathy.

Seeing this, Wesley slammed his head down again. The blood that was smashed on his head was almost gushing out, and his mouth was extremely weak and said, "Mr. Wade...please...please...Raise your precious hand... let go... let... let go of my parents..."

Charlie's expression was still cold as ice, and he asked, "Wesley, you still don't know the situation, why

do you let me raise my hand? Why should I raise my hand to you?!”

## Chapter 3388

Seeing that Charlie was unmoved, Wesley’s heart was completely sank. He suddenly turned his head and looked at his parents’ coffin and howled, “Dad...Mom... your son is not filial... I’m sorry that you have died for so many years and still be implicated by your son... I’m sorry... I’m really sorry...”

At this moment, Deana Thorne’s nose in the crowd was sour, and she really couldn’t stand it. She immediately walked out of the crowd, looked at Charlie, and pleaded, “Charlie, for the sake of Wesley’s true knowledge of his mistakes, please forgive him. This time he...”

When Wesley saw Deana Thorne, he recognized her immediately, and he was stunned, “Aunt...Aunt Deana... why are you here...”

Deana Thorne looked at him sympathetically, and sighed, “Charlie rescued me and Zara before. We heard that you were going to Wade Mountain. I was worried that Charlie would be in danger, so we came over overnight to beg you to raise your precious hand. I didn’t think it would turn this way...”

Wesley couldn’t stop his tears, and said tragically, “I’m sorry Aunt Deana... for causing you trouble... I don’t ask Mr. Wade to let me go, I just ask him to let my parents go. The thousand mistakes are all my fault, I do not distinguish between right and wrong, I do not know what I can do, and it is also my rants that I want to thwart Mr. Wade’s parents...”

Speaking of this, Wesley lowered his head, choked and said while trembling, “I also know that way Mr. Wade treats me, is what I deserve... It’s also my fault...”

“But... but I am really ashamed of my parents...”

“For so many years... I have not been able to come back to knock my head and burn incense...”

“I’m finally back now. As a result, I disturbed their spirits in the sky and moved them out of the mausoleum as soon as I came back. Now they are still getting frustrated even after their death...”

“I... I really can’t forgive myself... Even if I die, I can’t forgive myself...”

Zayne Banks was in tears, turned around and knelt in front of Charlie, begging, “Mr. Wade, Wesley has paid the price for his arrogance, please raise your hand high and forgive him this time!”

Zara couldn’t stand it at this time, and she said, “Dad! Mom! Today’s matter is the personal grievance between Mr. Wade and Wesley! And it is Wesley’s provocation first. You don’t want to be kidnapped here morally now!”

Zara has always been clear about right and wrong.

“Yes, that’s right!”

“Wrong is wrong!”

“If you do something wrong, you have to bear all the consequences!”

“Wesley provoked Charlie first, and now he wants to kowtow for mercy. Why do you also kowtow for others?”

Deana Thorne was even more embarrassed when Zara said so. She sighed and said, “Zara, it is true that Wesley is wrong, but he has already paid the price for his mistake...”

Zara nodded and said seriously, “It is true that the price has been paid, but the price paid is not enough. It is not you and Dad who have the final say, but Charlie has!”

Wesley also choked up desperately at this time, "Uncle Zayne and Aunt Deana, please both of you, don't intercede for me. Everything I do today is self-inflicted..."

Charlie, who has not been talking all the time, saw that Wesley was completely desperate. At this moment, he said indifferently, "Wesley, killing you and your subordinates, or whether crushing your parents, everything is up to me. In a single thought, I can reject you ruthlessly, or let you go, but why should I do this?"

Wesley was still kneeling on the ground at this time. His whole body was bloodied, and his coarse cloth was soaked with blood. It was horrible, but he still endured the pain and blurted out, "I hope that Mr. Wade can raise his hand to me and my parents. I swear to heaven and swear to my parents in the spirit of heaven! In this life, I am willing to follow Mr. Wade and be a cow and horse for Mr. Wade!"

"My life is only for Mr. Wade! Even if Mr. Wade lets me jump from Wade Mountain now; I, Wesley, have no complaints!"

The soldiers of the Dragon Temple who had been frightened, saw the miserable appearance of Wesley, all of them were heartbroken.

One of them suddenly knelt on the ground and slammed his head towards Charlie. He raised his head and shouted with tears on his face, "I beg Mr. Wade to raise your hand to the Lord's parents. I, Billy Singh, will also be a cow and horse for Mr. Wade in this life, and repay me. Mr. Wade's great kindness!"

Immediately afterwards, another person knelt on the ground and kowtowed, and immediately shouted, "I am willing too!"

"I am willing too!"

There was even a female warrior in the Dragon Temple kneeling down and choking her head, "I am willing too!"

Almost all of the Dragon Temple soldiers knelt down, and the crisp and vigorous kowtow sounded through the entire Wade!

#### Chapter 3389

Although the soldiers of the Dragon Hall were very afraid of Charlie's strength, at this moment, they couldn't bear to see Wesley looked so miserable and desperate.

After all, almost all of them had been blessed by Wesley, and could not sit back and just watch him comfortably.

What's more, if Charlie still not letting them go, not only will Wesley be unable to escape, they will also find it difficult to survive.

Therefore, they all knelt on the ground one after another, hoping to do more for Wesley and beg Charlie's forgiveness together.

Seeing so many Dragon Hall masters all knelt on the ground in front of Charlie and kowtowed, Lord Wade's heart was extremely excited.

From this scene, he saw the hope of the Wade Family will rise.

Moreover, this hope does not mean that the Wade Family will be the number one in the country, but that it can lead the Wade Family to become the number one in the world.

Opposite of him, Lord Banks, standing alone, panicked to the extreme in his heart.

All the people in the Dragon Hall knelt down, and he was the only one standing.

He didn't know whether he continued to stand here or knelt down with the people in the Dragon Hall.

Standing alone is certainly not appropriate.

But let yourself kneel down for Charlie, this...this seems even more inappropriate.

After all, he is the Patriarch of the Banks Family.

It was already embarrassing to put filial clothes for the parents of Wesley.

Wouldn't it be even more embarrassing to kneel down for Charlie now?

Just when he didn't know what to do, a member of the Dragon Hall nearby directly dragged him to the ground.

Lord Banks fell down, and just about to get up, he was slapped in the face by the Dragon Hall soldier, and cursed in a low voice, "You old b\*stard! We all knelt down to beg for the Lord, why don't you kneel? You kneel quickly!"

After this slap, Lord Banks's face immediately swelled, and the pain was painful.

Although there was 10,000 anger in his heart, he did not dare to express anything.

After all, in this situation, he doesn't have any right to speak at all, and if others smoke him, he can only stay next to him.

At this time, all the Dragon Hall soldiers stared at Charlie with a pair of tearful eyes, and they were all waiting for Charlie's final response.

Charlie looked at the tragic appearance of Wesley, and said calmly, "So many people are begging for you, and you can see that they are all sincerely supporting you, but you brought them to Wade Mountain to die because of your own selfishness."

"Don't you feel ashamed of the so-called Lord?"

Wesley choked with pain and said, "Ashamed...I am ashamed, not only to the brothers in the Dragon Hall, also to my parents, and also to you and your parents Mr. Wade....."

As he said, he looked up at Zayne Banks and Deana Thorne, choked up and said, "Uncle Zayne and Aunt Deana, I let you two intercede for me, Creighton also feels very ashamed..."

Zayne Banks long sighed, without speaking.

At this moment, he didn't know what to say in response to Wesley.

Wesley immediately looked at Charlie again and said seriously, "Mr. Wade, if you look down on me then I can apologize with death."

Chapter 3390

"I'm willing die here today, to satisfy you and calm you down!"

"And I am willing to that my corpse will be smashed in the wilderness after death, let the insects, ants and beasts eat, and only ask Mr. Wade to raise your hands high and let my parents go into the soil for peace!"

Charlie frowned, then looked at Wilfred Elms and asked, "Mr. Elms, did you bring a knife with you today?"

Wilfred Elms said respectfully, "Mr. Wade, yes I did!"

After that, he took out an extremely sharp short blade from his waist and handed it to Charlie with both hands.

Charlie took the short blade, then threw it in front of Wesley, and said lightly, "For the sake of you being a filial son, I promise you, after you die I won't thwart your parent's coffin."

"On the contrary, I will retaliate with virtue and bury you and your parents together, so you can go on the road with peace of mind!"

When Wesley heard this, a relaxed smile finally appeared on his face, and when he looked at Charlie, his expression was full of gratitude.

Afterwards, he leaned over again and smashed his head on the ground in front of Charlie.

This time, he leaned over for a long time before standing up his upper body, and said gratefully, "Thank you Mr. Wade for your great kindness and retribution with virtue."

"I will not be able to repay Mr. Wade's kindness in this life...."

"...but this is my way to repay Mr. Wade's kindness!"

After that, he reached out and took the short blade in his hand.

Just as he was about to aim the tip of the knife at his heart and intend to pierce it with force, all the soldiers in the Dragon Hall almost collapsed, and a large group of people blurted and cried out, "Our Lord! Don't do it!"

Wesley turned his head, looked at his most loyal subordinates, smiled and said, "Brothers and sisters, it is me who implicated you today, please forgive me!"

"In addition, you remember that after my death, the Dragon Hall will automatically disband."

"No one is allowed to be enemies with Mr. Wade and the Wade family."

"If you are still in the mercenary industry, you must not enter China again in this life, and you must not disturb the peace of China. Can you remember?"

When everyone heard this, they were already crying.

They knew that Wesley was ready to die, and this entrustment was the final farewell!

Someone choked and said, "My Lord...we can agree to this, but why don't you let us enter China again?"

"If we can't enter China again, we don't even have the opportunity to sweep your grave!"

Wesley smiled indifferently, and said, "Brothers have this intention."

"It doesn't matter whether you worship or not."

After that, Wesley said again, "My Krueger family has no descendants, but our family of three."

“In the past 20 years, I was alive overseas by myself. My parents must always feel lonely there.”

“Mr. Wade said that our family of three can reunite today, and I can finally accompany my parents well and make up for my regrets over the past 20 years, so you don’t have to go all the way to see me.”

At this point in Wesley’s words, nearly a hundred soldiers in the Dragon Hall have cried into a ball.

These top mercenaries who usually kill people without blinking, at this time are all vulnerable like three or five-year-old children.

They knew that the Dragon Hall had gone and the overall situation had been determined, and Wesley was bound to die.

Wesley even regarded Charlie’s order to commit suicide as a great grace, which shows how thoroughly Dragon Hall lost this time.

Now, no one can save Wesley’s life, because everyone’s life is in the hands of Charlie.

And Charlie, it seemed that he was not even ready to let Wesley make a living.

Wesley smiled slightly at this time and said to his subordinates, “Everyone, the world has been divided for a long time, and for a long time, it must be combined.

“You have been fighting with me for many years, and you have worked hard! Today, I will say goodbye!”

Having said that, Wesley suddenly raised his short blade, aimed at his own heart, and thrust it fiercely!
